**January 6, 2012
CATEGORICAL
EXCLUSION**

TO ALL INTERESTED AGENCIES AND PUBLIC GROUPS:

As provided by the state environmental review process adopted in the Permanent Rules of the Texas Water Development Board (Board) 31 Texas Administrative Code §371.41 for projects to be funded through the Drinking Water State Revolving Fund (DWSRF) Program and consistent with the National Environmental Policy Act, 42 U.S. Code §4321, et seq., the Executive Administrator of the Board has determined that the proposed action identified below may be exempted from formal environmental review requirements:

City of Robert Lee, Coke County, Texas
DWSRF Project 62514
Total Estimated Project Cost: \$3,600,000
DWSRF Funding: \$ 2,750,000
U.S. Department of Agriculture - Rural Development Funding : \$500,000
Texas Department of Agriculture – Rural Affairs Office Funding: \$350,000
The City of Robert Lee (City) is proposing to use part of a \$2,750,000 DWSRF loan to address short-term, drought emergency, and long term water supply needs. The project's compliance with

NEPA will be handled separately for the proposed project's three phases. Phase I activities will allow the City of Robert Lee to install a treated water pipeline to the City of Bronte in order to meet drought emergency water supply needs. The U.S. Department of Agriculture – Rural Development (USDA-RD) approved a Finding of No Significant Impact (FNSI) on November 4, 2011 for the emergency waterline, booster pump station, a metering station at the Bronte water treatment plant (WTP), and related appurtenances. In order to satisfy the NEPA compliance requirements and fulfill DWSRF program requirements for environmental review, the TWDB issued a Statement of Findings (SOF) on December 7, 2011 adopting the USDA-RD FNSI. However, the USDA-RD FNSI did not include the installation of a disinfection system at the City of Robert Lee's WTP, which is needed to assure that the emergency water supplies will meet Texas Commission Environmental Quality requirements after transmission.

The proposed disinfection system would consist of a re-chlorination unit to be installed at the existing WTP site. This project element will not impact wetlands or waters of the U.S. that are that are under the jurisdiction of the U.S. Army Corps of Engineers. In addition, no impacts to significant or potentially significant cultural resources or protected species or critical habitat are expected.

This categorical exclusion is granted because the specified project element should not entail significant adverse impacts to the quality of the human environment. The project activities must comply with the following conditions:

- Standard emergency condition for threatened and endangered species; and,
- Standard emergency conditions for cultural

resources.

The exclusion will be revoked if (1) it is found that, due to changes in the project, the proposed action no longer meets the criteria for an exclusion, (2) evidence is found that the project may have serious environmental effects, or (3) it is found that Federal, State, or local laws are being or may be violated by implementation of the project.

Comments regarding this determination may be submitted to the Director, Project Engineering and Review Division, Texas Water Development Board, Austin, Texas 78711.

Will Davis, a senior at Southlake Carroll High School in Dallas, helped lead his team to a state championship title at Cowboy Stadium in Arlington on December 17, 2011. After Southlake Carroll completed a perfect 16-0 season, Will was named Defensive Player of the Game. Davis, linebacker for the Dragons, had 8 tackles, 1.5 sacks, and forced and recovered a fumble to help secure the championship win. Sports reporter Matthew Reagan, called Will a "one man wrecking crew" in his article in the Fort Worth Star Telegram, and Fox Sports placed him on the All State First Team. After high school, Will plans to continue his football career and has committed to play for Kansas State in Manhattan, Kansas. Will is the son of Barry and Leigh Davis of Southlake and grandson of Butch and Carolyn Davis of San Angelo.
