- Friday, January 14**
 School Holiday

fisheries biologists better manage trophy bass populations throughout the great fisheries of Texas.”

During the first three months of the season (Jan. 1 through March 31), anglers who reel in a 13+ pound bass can loan it to the Texas Parks and Wildlife Department for the ShareLunker selective breeding and stocking program. These anglers can call the ShareLunker hotline at (903) 681-0550 to report their catch 24/7 until April 1, 2022.

Anglers who catch and donate one of these 13+ lunkers earn Legacy Class status, receive a catch kit filled with merchandise, a 13lb+ Legacy decal for their vehicle or boat, VIP access to the Toyota ShareLunker Annual Awards event and a high-quality replica mount of their Lunker fish from Lake Fork Taxidermy. These anglers will also receive entries into two separate drawings- a Legacy Class Drawing and the year-end Grand Prize Drawing. Both drawings will award the winner a \$5,000 Bass Pro Shops shopping spree and an annual fishing license.

The year-round Toyota ShareLunker program offers four levels of participation for catching bass over eight pounds

or 24 inches in Texas. The 2022 season offers an opportunity to join the special club of premier anglers who have submitted a Legacy class ShareLunker.

Anglers who enter data for any lunker they catch greater than 8 pounds or 24 inches during the calendar year 2022 also receive a catch kit, a decal for their vehicle or boat and an entry into the year-end Grand Prize Drawing to win a \$5,000 Bass Pro Shops shopping spree and annual fishing license. ShareLunker entry classes include the Lunker Class (8lb+), Elite Class (10lb+), and Legend Class (13lb+).

Once a lunker is reeled in, anglers need to enter the catch data on the Toyota ShareLunker mobile app - available for free from the Apple App Store and Google Play - or on the Toyota ShareLunker online app at TexasSharelunker.com. In addition to providing basic catch information, anglers can also provide a DNA scale sample from their lunker bass to TPWD researchers for genetic analysis.

The Toyota ShareLunker Program is made possible in part by the generous sponsorship of Toyota. Toyota is a longtime supporter of the Texas Parks and Wildlife Foundation and the Texas Parks and Wildlife Department,

providing major funding for a wide variety of fisheries, state parks and wildlife projects.

Rabobank outlook for 2022 shows mixed basket

By Jennifer Whitlock
 Long-lasting impacts of the COVID-19 pandemic will continue to reverberate through global commodities markets in 2022. But other factors like addressing climate issues and increasing food production yields will also be important this year, according to Rabobank’s 2022 Agri

Sixth Sense Lures also provide additional support for this program. For updates on the Toyota ShareLunker Program, visit facebook.com/sharelunkerprogram/ or TexasSharelunker.com.

Commodity Markets Research Outlook.

Rabobank’s report, titled “Hell in the Handbasket,” dives into 12 major commodity markets and offers insights into what each sector may face in another uncertain year.

“Agricultural commodity prices have increased by around 28% in the last year and by 40%

above pre-pandemic levels. The increase in agricultural commodity prices is also exacerbated by other inflationary pressures in the economy, such as the astronomical rise in gas prices ahead of the northern hemisphere winter, labor scarcity, rising rents and a rapid increase in prices of inputs like fertilizer, crop protection products and machinery, among others,” Berry Martin, Rabobank managing board member, wrote in a preface to the annual outlook. “Meanwhile, increasing costs for farmers threaten their profitability, even in the light of relatively high agricultural commodity prices.”
