**Texas Midwest Community Network to host annual conference**

Bronte and Robert Lee are members of Texas Midwest Community Network. The organization will host the 20th Annual Texas Midwest Conference, October 23, at the Abilene Civic Center. The event kicks off a milestone year for the organization with the theme "Making a Difference". It will be a day of celebrating local leaders who are making a difference in their communities. Tammy Thorn and Gerald Sandusky of Bronte and Kay Torres and Beth Prather of Robert Lee represent their respective communities on the TMCN

Council. At the conference, Thorn will be introduced as the 2014 TMCN President.

Solution seminars and hot topic sessions are featured at the conference to provide community leaders with information to better prepare for challenges communities face today and in the future. TMCN is the only regional organization of its kind in the state. The annual conference is the only event in the region to provide access in one day to numerous agencies, organizations and businesses that provide resources and services to rural communities. The most valuable aspect of the conference is the networking among community representatives as they share successes as well as insights to challenges they have overcome.

Presentation of community awards is a highlight of the conference luncheon. Bronte was recognized as a "Community of Achievement" in 2003 and 2009. The luncheon will also be a history making time for the organization as Nicki Harle, TMCN Executive Director since the organization's inception in 1994, steps down and the new TMCN Executive Director Kathy Keanetakes the reins.

Attendance at the conference is open to all concerned citizens in the region. Most communities are represented by city and county officials, economic development professionals and board members, chamber of commerce executives and members, civic volunteers, healthcare professionals, school officials and student leaders who attend to learn more about the resources and services available to benefit communities.

Robb, and others, just in time for the Big Read or a cold (maybe) winter day.

A new research study shows that readers who are into reading literature have a good way of coping with daily encounters. Readers are ahead of the crowd when it comes to understanding their fellow beings. Reading is still the best brain exercise.

Library hours are Tuesdays, 8-12; Wednesdays, 8-4; Thursdays, 1-5; Fridays, 8-12. Call 453-2495 for information.
