...Amendment Election

(Continued from front page)

SJR 79 proposes a constitutional amendment authorizing the Texas Water Development Board to issue additional general obligation bonds, in an amount that does not exceed \$200 million, for the economically distressed areas program. These bonds can only be used to provide financing for the development of water supply and sewer service

projects in those economically distressed areas as defined by law.

STATE OF TEXAS PROPOSITION 3 (HJR 34) – “The constitutional amendment authorizing the legislature to provide for a temporary exemption from ad valorem taxation of a portion of the appraised value of certain property damaged by a disaster.”

HJR 34 proposes a constitutional amendment allowing the legislature to temporarily exempt from ad valorem taxation a portion of certain property located in an area covered by a disaster declaration of the governor. The proposed amendment would allow the legislature to prescribe the method of determining the amount of the tax exemption and the duration of the exemption and also would allow the legislature to create any additional eligibility requirements for the tax exemption.

RPT Recommends you vote FOR-STATE OF TEXAS PROPOSITION 4 (HJR 38) – “The constitutional amendment prohibiting the imposition of an individual income tax, including a tax on an individual’s share of partnership and unincorporated association income.”

HJR 38 proposes a constitutional amendment prohibiting the state from

imposing or collecting an individual income tax, including an individual’s share of partnership and unincorporated association income. There is no current constitutional bar on imposing or collecting an individual income tax.

This is Supported by plank 171; State Income Tax Ban: “We support maintaining the current ban on state income taxes in Texas.”

In 1993, voters approved an amendment that lets the Legislature impose a personal income tax only if a statewide referendum is approved by voters and if the new revenue goes to school property tax cuts and education programs.

This amendment would add the additional requirement of a 2/3 supermajority of both chambers to be acquired before it goes to the voters, making it much harder to impose a State income tax.

RPT Recommends you vote FOR-STATE OF TEXAS PROPOSITION 5 (SJR 24) – “The constitutional amendment dedicating the revenue received from the existing state sales and use taxes that are imposed on sporting goods to the Texas Parks and Wildlife Department and the Texas Historical Commission to protect Texas’ natural areas, water quality, and

history by acquiring, managing, and improving state and local parks and historic sites while not increasing the rate of the state and use of taxes.”

SJR 24 proposes a constitutional amendment that would automatically appropriate the net revenue received from the portion of the state’s tax revenue received

on sales of sporting goods to the Texas Parks and Wildlife Department (TPWD) and the Texas Historical Commission (THC). The legislature would maintain the authority to determine the specific uses of the funds and their allocation between TPWD and THC.
