

# Nobody does Christmas better

## ... And the Pavement Ends!

The year 2019 has been a traffic disaster for those who have to travel US 277 north of Bronte. It extends from the city limits all the way to the US 277 and State Highway 70 intersection 8 miles north of Bronte. Construction was scheduled to begin in January 2019 and be completed by November. However, these photos were taken on December 17, 2019, and no end is in sight.

# than Coke County!
