

in Coke County in 2021

The park in Robert Lee was the scene for the EMS Meet and Greet on Saturday, April 24, 2021. The local Back Roads West band played while folks gathered to admire the new West Coke County EMS ambulance. Plates of chicken strips, gravy, and green beans, provided by Clark and Noel Tinkler, with desserts by the '64 Study Club, were served to attendees by EMS volunteers. Robert Lee Mayor Jason Moran, who is also the new president of West Coke County EMS, introduced the new ambulance. Picnic tables, lawn chairs, music, food, EMS appreciators, and near perfect weather combined to allow visiting, eating, dancing, and meeting and greeting the EMS members.

The rural gathering was an event that big city folks seldom get to experience. West Coke County EMS is a volunteer group who dedicate their valuable time to be trained, pass tests, be knowledgeable in all of the many regulations, provided maintenance, bookkeeping, provide emergency responses to rural citizens, and attend monthly meetings.

Because West Coke County EMS exists, Robert Lee Care Center meets the requirement to have an on-call ambulance service.

The Coke County Livestock Association hosted a BBQ fundraiser on Sunday, August 29, 2021. With the help of Bronte, Robert Lee, and surrounding communities, the organization was able to raise over \$5000 to put towards the Coke County Livestock Show premium sale. All who came out to support the youth of Coke County are appreciated.
