**TAHC tags are  
 now available**

This past week the tags for the Texas Animal Health Commission new cattle traceability program arrived, in preparation for the rule going into effect January 1, 2013. This rule requires that all sexually intact cattle 18 months of age and older have

a TAHC approved permanent identification at change of ownership.

Before August of 2011 TAHC tags were applied automatically at the time of brucellosis testing was performed. This program was cancelled at that time and is being replaced with the Cattle traceability rule, to enhance TAHC ability to identify and trace animal movement quickly and effectively, no

matter what disease is involved.

The official Tags can be obtained at no charge to the producer at the Texas AgriLife Extension Office inside the Coke County Courthouse Monday -Thursday 8:00-5:00 and Friday 8:00-1:00. The tags are also available to producers at livestock auction barns; however the producer will have to pay a tagging fee if they chose to use this option.
