**Mayor's Report**

Paul Gohman did a slideshow presentation showing council land city owns. While identifying land, we talked with the Cowboy Church to let them know the city owns a strip of land. They did not know they didn't have the whole block. The city has a strip next to their property and if we could swap, that would give the city a whole block for housing. Plats for all the property is needed. This section has septic but we need a lift station. We would apply for a block grant and that would open a whole lot of opportunities.

The Utility Director had nothing to report.
