West Coke County Hospital Board Meeting

By Pat Stephens

The Board of Directors of the West Coke County Hospital District met in regular session January 30, 2012. President Mary Bessent called the meeting to order at 9:38 am, and declared a quorum was present. Board members present were Mary Bessent, Sarah Green, Pat Stephens, and Dessie Kendall. Also present were Roger Alexander, Administrator, and Janie Munoz, Business Office Mgr. There were no visitors. Roger Alexander gave the invocation. The minutes from the previous meeting were approved, and absent members were excused from the December meeting.

In the staffing update, Roger informed the Board all positions in the staff are currently filled, but there is a

continuing need for prn CNA's and nurses for shift work. Roger also reported there are currently 12 residents in the Alzheimer's Unit, and 52 residents total in the Care Center as of the meeting date.

The Board then discussed capital projects. Roger reported plans are currently being reviewed with Templeton Construction for the renovation of the Alzheimer's Unit. In preparation to start the renovation, the entire building was surveyed for asbestos. Some was found on some of the pipes to be removed to make room for the new water lines. This will be addressed before work can progress. Roger is also taking bids, as requested by the Board, for hall floor covering and window replacement for the lobbies.

In Public Relations, the new website is up and running. Check us out at

www.robertleecarecenter.com. Roger and the Board are very excited about the new website, and feel it will be extremely beneficial to the Care Center.

Accounts Receivable was discussed and Janie Munoz was again commended for the excellent work she does. The financial statement was discussed and accepted.

Janie Munoz, representing the City Council, updated the Board on the progress of the Bronte-Robert Lee water line. If you've been to Bronte, you have seen for yourself the big, blue links of pipe steadily disappearing in the ditch prepared for them. Words cannot express the depth of appreciation for everyone who has stepped up to the plate to volunteer time, talents, expertise, machinery, meal preparation, and various other forms of elbow grease to complete this portion of

the pipeline. God bless you, Volunteers!

The Board broke for lunch (pork chops and all the trimmings....yum!) from 11:50 to 12:37.

The Board discussed in depth the updates to the employee handbook. Copies were given to the Board to review, and there will be a

special called meeting at a later date to complete and implement the new guidelines.

Future agenda items were discussed and adjournment time was 2:50 pm. The next meeting will be February 27. Everyone is invited and encouraged to attend.
