**Old-Time Community**

By James M. Decker

What defines a community? Geography, to be sure. A community is made up of people who live within a certain proximity to one another or who have a tangible connection to that place. However,

**Superior Rating!** The Bronte High School Longhorn Band recently received an overall Superior Rating (1) at a Concert and Sight Reading Contest. The band performed an awesome concert and sight read very well. Band director, Riley Irwin, said that he is extremely proud of the hard work that the band members have put in this year.

**All District!** Two Bronte Lady Longhorn basketball players were recently named to the 11-1A All District Basketball Team. They include sophomore Emily Jackson and freshman Emalyn Bohensky (bottom right photo).

geography alone is insufficient. Community is a shared tie that binds a group of people who live near one another and whose fortunes are impacted together in some way, whether they like it or not.

The Stamford Lady Bulldogs just finished a historic basketball season. Concluding the season with a 36-3 record, the Lady Bulldogs became Stamford's first-ever basketball team to play for a state title and only the second girls squad in school history to play for a team state title (joining the 2021 state champion softball team). Though Stamford fell to undefeated Gruver in the title game, it was an incredible season that brought so much joy to so many members of the community.

This exciting playoff run also brought unity.

Stamford has its faults, but it is a community that supports its youth. Last Wednesday, the downtown streets were full at 4 pm as fire trucks, ambulances, and police vehicles escorted the team out of town. Then, in a beautiful twist of timing, the

Stamford Bulldog Band was escorted through downtown on its own return from a successful district competition which brought Stamford its highest band honors in over 20 years. (Continued on page 7)
