NOTICE OF RATE CHANGE REQUEST

Oncor Electric Delivery Company LLC ("Oncor") publishes this notice that on March 17, 2017, Oncor filed with the Public Utility Commission of Texas ("Commission") its Petition and Statement of Intent to Change Rates, a copy of which is kept at Oncor's office at 1616 Woodall Rogers Freeway, Dallas, Texas 75202. This notice is being published pursuant to Commission Procedural Rule 22.51(a)(1).

Oncor's rate filing, based on the system-wide financial results for a 12-month test year ending on December 31, 2016, adjusted for known and measurable changes, supports a net increase in transmission and distribution rates of approximately \$317 million over adjusted test-year revenues, or approximately a 7.5% increase over adjusted test-year revenues of \$4,214.2 million. Test-year revenues have been adjusted to normalize billing units, to remove the revenues associated with Oncor's Energy Efficiency Cost Recovery Factor, and to increase test-year revenues to reflect Transmission Cost of Service ("TCOS") and Transmission Cost Recovery Factor ("TCRF") adjustments. TCOS revenue was adjusted to include the September 15, 2016 interim update rates at 2016 Option 2 ERCOT 4CP. TCRF revenue was adjusted to equal the March 1, 2017 TCRF revenue requirement reflected on Line 2, Attachment A of Oncor's petition filed and approved in Docket No. 46616. If approved, the increased rates will be charged to Oncor's direct customers, all retail electric providers ("REPs"), in those portions of Oncor's service area under the original jurisdiction of the Commission. Each such REP is potentially affected by the proposed change. Depending on the REPs' actions, the end-use customer classes of such REPs are potentially affected by the proposed change. In addition, the result could be a change in Oncor's transmission cost of service rates, which would impact all load serving entities in the Electric Reliability Council of Texas. Oncor has requested an April 21, 2017 effective date for its proposed rate change.

Persons who wish to intervene in or comment upon these proceedings, in Docket No. 46957, *Application of Oncor Electric Delivery Company LLC for Authority to Change Rates*, should notify the Commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Commission at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the Commission at (512) 936-7136. The deadline for intervention in the proceeding is 45 days after the date the application was filed with the Commission.
