Spring turkey outlook termed "promising"

Spring turkey season begins Saturday, April 3, 2021, and runs through May 16, 2021 this year in Coke County. The prospects of bagging a big ole gobbler this spring are looking good. Several local ranchers are reporting turkey sightings in good numbers throughout the county. Gobblers or bearded hens are the only birds allowed in the spring. Annual bag limit for turkeys is

four (all seasons combined), with no more than one of which may be an Eastern turkey. We don't have to worry about that too much here in Coke County, as all our turkeys are of the Rio Grande variety. And annual bag limits are nearly always unnecessary, as turkey hunters (especially in the spring) are lucky if they can call in one of the majestic gobblers during the spring season.
