**Robert Lee Elementary Field Day May 3, 2012 Nathan Scates**

**Robert Lee Elementary Field Day May 3, 2012 Daniel Mendoza**

**Coupons That Have Expired Or That You Will Never Use**

We want to save money, but sometimes we cut coupons that we'll never use (dog food coupons for someone with no pets). Go through your coupons and toss the ones that aren't needed or are expired. Coupon organizers can help you sift through coupons you will really use.

**Recipes You Haven't Used Or Don't Plan To**

If you cut out every recipe that looks good, you may have a stack to try someday, but you'll probably never get around to them all. Be selective and throw out recipes you won't get around to using.

**Copies Of Magazines**

If you have stacks of magazines cluttering your living space, consider weeding out the number of

copies you keep. Try cutting out only the articles you really want and storing them together.

**Every Piece Of Schoolwork Your Children Ever Did**

Try picking out the important papers and projects to keep. Big bulky projects may not be able to be saved. Instead, consider taking a picture and journaling about the project.

**Event Announcements That Have Passed.**

If you save event announcements in the hopes that you'll remember to go, you have a lot of flyers laying around. Toss them and from now on transfer date and time information to your family calendar. This will allow you to toss all the flies and still

keep important event information in one centralized plan. Throw away any outdated information or papers that have no purposes.

**RLISD Awards Ceremony slated**

Robert Lee ISD will hold the annual End of School Year Awards Assemblies on Thursday, May 24. The Elementary Assembly will begin at 9 am, followed by the Secondary Assembly at 10 am. School will be dismissed for the summer break at 12:30 pm.

All parents and family members are encouraged to attend the assemblies.

Please feel free to contact the school office at 453-4555 for additional information.

**Robert Lee Water Pipeline Update**

WE ARE CLOSE!! Within the next few days, Robert Lee citizens should start to notice a change for the better in their water. Crews are working on the last two sections of the water line doing pressure testing and sampling. When this is completed, the City will start discharging water from the pipeline. Initially, the water from the pipeline will be blended with what water is in the storage system and it will take a few days to notice the difference.

Please be patient, it will get better.

Also, please remember that we will remain under water restrictions as the City monitors water usage and studies daily consumption. At the next city council meeting on Monday, June 11, a water rate increase will be discussed. Citizens will be provided an opportunity to comment regarding the proposed increase. At this time, the minimum increase being considered, is \$27.00 per month. This is based on the price of treated water from the City of Bronte, and the loan portion of funding received from the Texas Water Development Board.

**School Menu**
