

Career Fair! Bronte High School recently hosted their 9th Annual Career Fair. The students began their day with a special program presented by the Permian Basin Area Health Foundation. The program featured the different types of careers associated with a crime scene investigation and students were able to learn about some of the techniques involved in solving crimes. After the presentation, the students gathered in the auditorium to listen to motivational speaker, Kerri Mikulik, she spoke about setting goals and plans for the future. Students in 7th through 12th grade attended breakout sessions where they learned about college readiness, job interviewing skills and maintaining a healthy lifestyle through eating right and dealing with stress. Students in grades kindergarten through 12th grade also got the opportunity to tour college and career booths to gather information. In addition, several vocational vehicles were set up outside for the students to tour. Students were able to learn about the East Coke County EMT services and tour the ambulance, see a police cruiser up close, learn about the Shannon Hospital Care Flight helicopter and the services it provides as well as tour the Howard College mobile Go-Center. The Career Fair was coordinated by teacher Lisa Gibbs and her Digital Media class with additional help from the Bronte ISD faculty and staff.
