4th Annual Clay Antilley golf tourney slated for Saturday

The 4th Annual Clay Antilley Invitational golf tournament is slated for Saturday, June 25, at Mountain Creek Golf Course in Robert Lee. The tournament is to honor the memory of Clay Antilley, killed tragically in a vehicle accident 4 years ago. His involvement with golf, along with his great contributions to 4-H and FFA made Clay one of Coke County's favorite sons.

The tournament will be an 18 hole 3 person scramble with a 12 noon shotgun start.

There will be a free lunch at 11 am and a free BBQ dinner and live entertainment after the tournament. The dinner, at the pavillion, is free to all players, their family members and donors.

Entertainment will be provided by The Rough Creek and Krowhaven bands.

Approximately \$13,000 has been given in scholarships in honor of Clay. All donations are appreciated. You can make a contribution to The Clay Antilley Invitational at Robert Lee State Bank.

All donations are tax deductible with written receipts given out.

Each player in the tournament will receive a free cap and winners will receive beautiful trophies. There will be long drive and closest to the hole prizes as well as a free mulligan on every hole.

For more information, call Jessie Flores at the Golf shop at 453-2317, Dick Sim at 453-9977 or Tommy Antilley at 656-1972.

Sun Shines Through the Smoke! The sun peeps through the heavy smoke as the White Hat fire prepares to jump Highway 70 north of Blackwell Monday evening. The fire began Sunday afternoon of undetermined causes somewhere on or around the Arledge, Austin, Adams Ranch area in north central Coke County. No Forest Service assistance was available to the Coke County firefighters the first day. Several volunteer fire departments joined with the Robert Lee, Bronte and Blackwell Volunteer units to battle the blaze, located in extremely rough terrain. Firefighters came at it from every side, saving several residences in the process. It jumped FM 1170 between Maryneal and Blackwell just after lunch on Monday and raged

northeast. The fire continued to rage through Tuesday evening until heavy rain fell and quenched the flames.

Many of our county officials, employees, private contractors and volunteers put in over 24 hours at a time fighting this latest fire. Emergency vehicles and equipment are deteriorating rapidly as these fires roll through the roughest terrain of Coke County. At press time, no exact acreage estimates or complete damage estimates were available. In next week's issue of the Observer/Enterprise, we hope to include a map showing all the burned area in Coke County beginning with the Wildcat Fire.
