

**Rawlings Remembered!** Jim Rawlings received recognition by West Texas Rehabilitation Center at a Golden Circle of Friends luncheon in May. The Legacy of Love Wall serves as a lasting tribute to those who have unselfishly supported West Texas Rehab Center. The Wall recognizes acts of generosity by compassionate and caring individuals. Jimmy, a lifelong resident of Coke County and a graduate of Bronte High School, passed away in August 2014.

**Duke University Talent Identification Program 7th Grade Talent Search!** Bronte ISD would like to recognize the students who participated in the 2016 Duke University Talent Identification Program's 7th Grade Talent Search. The Duke Talent Identification Program is a nonprofit organization dedicated to serving academically gifted and talented students. The organization works with students, their families, and educators to identify, recognize, challenge, engage, and help students reach their highest potential. Now in its 36th year, the 7th Grade Talent Search identifies bright seventh graders based on standardized test scores achieved while attending elementary or middle school. Candidates are invited to take the ACT or the SAT college entrance exams as seventh graders, which allows them greater insight into their academic abilities. In addition, they gain valuable benefits and have access to unique resources for gifted students. The following students participated this school year, Nico Willis and Camberly Davidson.

**DAR History Award!** The Daughters of the American Revolution organization recently presented an award to a senior student at Bronte ISD who has earned high grades in all of their history classes throughout high school. This year, the award went to Vanessa Waasdorp.

and Field Representative, Ben Wilde.

During both visits, the tour included an on-site look at two very different dams. One structure is in poor condition due to severe cracking and

erosion. The other displayed the importance of funding; it was in good condition due to spraying of mesquite and prickly pear, replacing some fencing, and having the spillway and plunge pool cleaned.

Both boards hope that by seeing the people protected by the dams, these elected officials will make it a personal matter to continue supporting and working hard to ensure funding of flood control structures across Texas.
