

**Jump Rope for Heart!** For several years, students at Bronte Elementary School have raised funds for the American Heart Association through their Jump Rope for Heart program. The students collected donations which totaled over \$2,000.00 and then jumped rope during their p.e. class. In addition to raising funds for the American Heart Association, the students learned about the importance of the heart, how it works, and how exercise affects their hearts and how to stay fit for life. The Jump Rope for Heart program is administered through Tammy Hortenstine, the Bronte Elementary School physical education teacher. Pictured are some of the participants, 4th and 5th graders. For more information about the program, please visit [www.heart.org/jump](http://www.heart.org/jump).
