

Robert Lee Vision with a Purpose

COME HELP US GROW OUR
VISION ONE SEED AT A
TIME

Vision with a Purpose would like to thank the community of Robert Lee and surrounding areas for their continued support over the last several years! VP is so excited to see what 2017 holds! We have a lot of new VISIONS and are looking for volunteers to help "GROW" those visions! As we all know, the work can only be done with those willing and able to do it!! If you are interested in revitalizing and restoring Robert Lee for the better of our community and families, please JOIN US!! We meet the First Thursday of every month. We are family oriented and will begin offering child care at our monthly meetings as needed! Please find below what VP has accomplished the last several years! All of this would not be made possible without the support of our community. THANK YOU!!
