Good Neighbors are Appreciated!

During the recent storms with heavy rains and high winds, the flag at the home of Vicky Conner and her father was whipped to the point of breaking the ropes holding it and the flag was thrown to the ground. Neighbors Jim Davis, Inez Guajardo, Camron Doty, and Matt Doty witnessed the event and immediately responded. Camron ran and retrieved the flag, folded it, and brought it to Vicky's father. Not only was the flag soaked and beaten by the wind and rain, but Camron also was soaked and wind beaten in his efforts. However, the goodness and kindness didn't stop there. The next morning, Camron's mother, Inez, set out on a mission to try to find another flag to replace the damaged one. She went in to high gear as she went to work and began her search, inquiring amongst her coworkers about where she could purchase one. Apparently as she shared the circumstances, another hero stepped up to the plate and told her to look no further. Kimble Middleton stated that he had a flag he had received while serving our country in the military. He told Inez he would like to give his flag as a replacement. Later in the day, Inez brought the flag to the Conner's and shared how Kimble made the decision and contribution. Inez and Camron then volunteered to assist Mr. Conner with lowering his flag pole to make the needed repairs and raise it again. As Mr. Conner served in the military during the Korean War in Germany, he immediately recognized the new flag as being military issue. The pride he felt in knowing the history of the flag and the heartwarming kindness of Inez, Camron, and Kimble cannot be expressed in simple words. Our country is in such turmoil and disrespect right now. These people's gestures went above and beyond in helping restore a measure of faith and hope that all is not lost. They each deserve a huge amount of recognition for their actions. It is past time to recognize these types of actions and kindness, instead of the turmoil and hatred that we are seeing so regularly in today's world. - Submitted by Vicky Conner
