Since 1889, newspapers have served Coke County beginning with the Coke County Rustler. In the 1980s, the Bronte Enterprise and the Robert Lee Observer combined to become The Observer/Enterprise. The history told in these publications is fascinating and we want to share it with our readers of today.

LETTERS TO THE EDITOR

Coke County to Host As you well know when the pathway of life becomes rough and dreary, friends have a war of making things lighter to bear. There are no words that Sue

and I can ever say that can adequately describe our heartfelt appreciation for all the wonderful things that the beautiful people of Bronte have done for us.

Life sometimes goes so smooth that one has a tendency to take neighbors and friends for granted. But times come when you really know how important they

really are.
From the bottom of our hearts we thank each one for their kindness and expressions of concern and may God bless each of them many times over.

Glenda had one of her best days today (8-16-72) and is feeling much better. She has been aware of the cards and letters and appreciates them very much.

From hearts of gratitude, Sue and J. W. Caudle

Two Burglaries At Oak Creek Lake

Deputy Sheriff Don Thorpe has been busy this week investigat-ing two burglaries at Oak Creek Lake. Nothing was taken from one of the burglarized cabins, but the other, owned by Lynn Jones of Odessa, reportedly had over \$2,-000 worth of belongings taken.

The thief entered by cutting the screen on the back porch. No one was occupying the cabin at time of the robbery is not known. It occurred sometime between Aug. 13 and 15.

D. D. Bius of Oak Creek Lake reported Tuesday night that his boat, a 12 foot flat bottom type,

Thorpe said so far he has not taken anybody into custody.

We have been negligent the last few weeks by not mentioning some of the improvements which have taken place on Main Street. Any improvement helps the town and certainly should be recorded.

sidewalk improvements Two have added a great deal to the looks of the main drag. A new sidewalk has been built between the buildings housing White Auto Store and West Texas Utilities Co. This property belongs to L. T. Youngblood, Mrs. Charlie Boecking and Mrs. E. F. Glenn, and they should be commended for reconstructing sidewalk which was torn out several years ago when the building fronting on the area were destroyed by fire.

Another sidewalk improvement has been made by T. F. Sims. Tuffy had the front of the curb which runs in front of his store. stairstepped down, replacing the tall stepoff which is common on many curbs in Bronte. Not only this improvement make coming into and going out of his store more convenient, it is also a bumper saver.

Sims has also made another improvement lately. He has installed a new front door, complete with metal borders and offsetting metal-bordered panels. J. B. Mackey also has had one of these fancy doors installed at Cumbie & Mackey Dry Goods

These improvement cost a lot of money which is a little diffi-Continued on Back Page
