...Bronte City Council meeting

(Continued from page 4) Santiago Rodriguez made the motion to approve the closure of the Convenience Center and to take brush and iron only and to continue with curbside cleanup. He was seconded by Ron Cooper and the motion carried with a vote of 4 - 0.

Ricky Royall spoke to Tree Express and they have the city on the list and will be doing work in the next few weeks as weather permits. No action was taken.

Kinley Pritchard made the motion to approve the amended Ordinance 21-01 Cargo, Shipping, and Sea Container. He was seconded by Gwen Dyess and the motion carried with a vote of 4 - 0. Ordinance 21-01 will be effective after the notice is published in the newspaper on May 7, 2021.

Teresa Ballard discussed the need to amend the 2020-2021 budget for municipal purposes regarding the General, Water, Sewer, and Sanitation Fund to transfer budget expenses. Santiago Rodriguez made the motion to approve the amendment and was seconded by Kinley Pritchard. The motion carried with a vote of 4 - 0.

Financial consultant Everett Bedford brought to the council's attention that it appears that Eckert auditors did not adjust receivables from the yearly audit. He plans on looking at it again at the end of this month and if in fact receivables were not adjusted, then adjusting entries will be made. Accounts payable is possibly off at year end. Mr. Bedford recommends putting out bids for new auditors. Auditors should be changed every three years anyway. Eckert will be notified if in fact an error was made on their part.

Santiago Rodriugez pointed out water fund checks for March that the first two show as not available. \$315.42 was written to Faubion and Robert Lee's transfer to water debt fund of \$8643.64.

Ron Cooper made the motion to approve the following items: regular meeting minutes for March 18, 2021; March aging report; February Balance Sheet and Revenues and Expenditures; and March finance reports (bills paid, check register, bank reconciliation for General, Water, Sewer, Sanitation, and Cemetery funds). He was seconded by Santiago Rodriguez and the motion carried with a vote of 4 - 0.

Mayor's Report There will be a presentation on the water treatment plant next month and there is still a lot of work to be done in the coming weeks.

Utility Director's Report Ricky Royall had nothing further to report on.

City Secretary's Report The General Election is May 1 at First Baptist Church. Early voting ends April 27 at City Hall. A special city council meeting will be May 12 to canvas and swear in the new council.

The following items were requested for future agendas: more handicap apartments at the housing authority, consider changing auditors, and consider repairs to the roof on the pump house at the water plant.

Mayor Gohman thanked all outgoing council members for

all of their work done on the council.

There was no further business and the meeting was adjourned at 6:48 pm.

Extension joins with Academy of Nutrition and Dietetics

Coke, Concho, Menard and Sterling Counties are proud to join the Academy of Nutrition and Dietetics and its charitable Foundation during August in celebrating the annual Kids Eat Right Month™, a campaign focusing on the importance of healthful eating and active lifestyles for children and families, featuring expert advice from registered dietitian nutritionists.

Here are a few ways to celebrate Kids Eat Right Month from the food and nutrition experts at the Academy of Nutrition and Dietetics:

- Shop Smart To encourage a healthful lifestyle, get your children involved in selecting the food that will appear at the breakfast, lunch, or dinner table.
- Cook Healthfully

Involve your child in the preparation of meals. They will learn about food and may even be enticed to try new foods they helped prepare.

• Eat Right Sit down together as a family to enjoy a wonderful meal and the opportunity to share the day's experiences with one another. Family meals encourage healthful family relationships and good eating habits.

• Develop Healthful Habits You can help kids form great, healthful habits by setting a good example. Fill half your plate with fruits and vegetables, choose lower-sodium options, and make at least half the grains your family eats whole grains. For beverages, choose water over drinks with added sugars, and opt for calcium-rich foods.

• Get Moving Aside from being a great way to spend time together, regular physical activity is vital to strengthen muscle and bones, promote a healthful body weight, support learning, develop social skills and build self-esteem. Preschoolers are encouraged to be active throughout the day, and older children and adolescents need at least 60 minutes of moderate-to-vigorous activity daily, according

to the U.S. Department of Health and Human Services' Physical Activity Guidelines for Americans, 2nd Edition.

Kids Eat Right, created in 2014 by the Academy and its Foundation, offers resources and information for Academy members and the public to encourage nutritious, healthful eating among children and families.

As part of this public education campaign, the Kids Eat Right Month media materials webpage includes a variety of helpful tips, recipes, videos, and nutrition education resources, all designed to spread the message of good nutrition and physical activity for families.

Contact Milissa Wright for more information about Kids Eat Right Month activities at marwright@tamu.edu.
