#### Thursday, August 29

Chicken fajitas, charro beans, seasoned corn, orange smiles, salsa, milk

#### Friday, August 30

Hamburger, sweet potato fries, cucumbers, peaches, milk

## Robert Lee ISD

### Breakfast

#### Monday, August 26

Sausage kolache or cereal, juice, milk

#### Tuesday, August 27

Cheddar omelette wrap or cereal, juice, milk

#### Wednesday, August 28

Breakfast pizza or cereal, juice, milk

#### Thursday, August 29

Waffle & sausage or cereal, juice, milk

#### Friday, August 30

Cinnamon roll & bacon or cereal, juice, milk

### Lunch

#### Monday, August 26

Beef & cheese chalupas, salsa, salad, refried beans, applesauce, milk

#### Tuesday, August 27

Country fried steak, gravy, mashed potatoes, roll, green beans, strawberry cup, milk

#### Wednesday, August 28

Chicken fajitas, salsa, charro beans, corn, orange smiles, milk

#### Thursday, August 29

Popcorn chicken, salad, baby carrots, apple slices, breadstick, milk

#### Friday, August 30

Hamburger with hamburger garnish, sweet potato fries, coleslaw, sliced peaches, milk

## Lawn Care in the fall

Summer is coming to a close and we've been fortunate to have enough rain for a lawn. I would like to use this week's column to discuss some beneficial ways to maintain your lawn through the fall and help prepare it for the coming spring.

If you have a St. Augustine lawn and a means of watering it, you should continue to water your lawn at least once a month. Lawns consisting of Bermuda grass and buffalo grass have the ability to go

**50th Anniversary Celebration!** Meredith and Harry Jackson (former Bronte residents) were honored with a 50th Wedding Anniversary celebration Saturday evening, July 27, 2013. The event was hosted by their children at the Stonebriar Country Club in Frisco, Texas. They are shown above with some of the family who attended the celebration.

dormant through the fall and winter. However, St. Augustine does not have the ability to go dormant and requires moisture throughout the year.

If you have a lawn that is thin with lots of bare ground in between grass plants, you are opening yourself up for an invasion of weeds in the event of a fall or a spring rain. This can be prevented by applying a pre-emergent herbicide that will prevent the infestation of annual weeds. The best time to apply a pre-emergent is around September 1, prior to the weeds taking over.

As we continue into the fall and around the beginning of October, it is recommended that you fertilize the lawn. Fertilizer at this time of year does little to help the top grow, but instead aids the roots and the crown of the plant and will be beneficial in the green-up for the coming spring. The recommended fertilizers for this time of year are 15-5-10 and 18-6-12. These two common fertilizers are beneficial in the fall.

## Texas game wardens step up search and rescue training

With hurricane season in full swing, the statewide Texas Game Warden Search and Rescue team is stepping up its swift water rescue training.

TPWD game wardens have historically responded to natural disasters such as hurricanes, tropical storms, tornados, and floods, but training currently underway in New Braunfels marks the first time they will have been certified as swift water rescue

technicians and instructors. The team has also recently participated in aerial hoist training with the Texas Department of Public Safety. Members of the Game Warden SAR Team are stationed across the state and have the ability to deploy quickly.

"We are proud to leverage our public safety resources and work together with our local, state, and federal partners," said Col. Craig Hunter, TPWD Law Enforcement Division director. "Our game wardens are now better equipped and trained to serve the people of Texas and hopefully reduce loss of life in times of disaster."

The Game Warden SAR team will also be trained in tactical boat operations, land navigation, first aid, and casualty care.

## Loans, grants now being accepted to assist small businesses

Loan and grant funds are now available to support rural microentrepreneurs and microenterprises (businesses with fewer than 10 employees).

"By supporting very small business enterprises through the Rural Microentrepreneur Assistance Program, USDA has been able to direct assistance to small firms that otherwise might not be able to obtain credit," said Vilsack. "This program has shown that even a modest investment of federal dollars can

have a huge impact for the local economy in small towns across rural America."

"USDA Rural Development strives to improve the overall quality of rural communities," said Paco Valentin, USDA Rural Development Texas State Director. "By providing loans and grants through the Rural Microentrepreneur Assistance Program, we can assist with the development of local, rural businesses. These businesses will in turn benefit the community by creating job opportunities and providing needed goods and services to rural residents."

USDA's Rural Microentrepreneur Assistance Program (RMAP) was established under the 2008 Farm Bill to support the development and ongoing success of rural microentrepreneurs and microenterprises, which are defined as rural businesses with 10 or fewer employees. About \$12.2 million will be provided to eligible applicants this year.

RMAP applications are due by September 13, 2013. More information about how to apply is available in the August 14, 2013 Federal Register. View it here: [www.gpo.gov/fdsys/pkg/FR-2013-08-14/pdf/2013-19765.pdf](http://www.gpo.gov/fdsys/pkg/FR-2013-08-14/pdf/2013-19765.pdf), or by contacting USDA Rural Development Texas State Office Business and Cooperative Programs at (254) 742-9780.

**Barbecue Dinner**  
**Thursday • August 29, 2013**  
**RLISD Cafetorium • 5:00 pm**  
**Tickets are \$8 each.**  
*Proceeds to help offset travel expenses for the Meeteetse, Wyoming Longhorns.*

**LAST LEG BBQ & CATERING & RV PARK**

**BBQ Hours**  
 Wednesday & Thursday • 11 am to 2 pm & 4 pm to 7 pm  
 Friday & Saturday • 11 am to 2 pm & 4 pm to 8 pm  
 Sunday • 11 am to 2 pm

Closed  
 Monday & Tuesday
