#### ... Football Season (Continued from page 1)

Avants said that his team performed okay in their scrimmages. He added that they have a ways to go as the players try to find their identities on the field.

Fortunately, his team has a lot of athleticism and speed. It also has more depth than Coach Avants was expecting. However, the Steers did graduate six seniors last year - a couple who started on both sides of the ball. These younger kids lack the experience in these key positions.

Blackwell's Coach Clint Lowry was extremely pleased with his team's efforts in the scrimmages and felt that the Hornets did really well.

With a number of returning starters, his team is rich in experience. They also have depth with eleven players suiting up for varsity and ten for junior varsity.

Even though, some players have had to be moved into new positions, he feels the Hornets are both quick and strong.

Head out Friday night and cheer for your team as they begin this new season!

Mr. and Mrs. Zach Hanna
