Bronte Park Restoration meeting set for September 14

Bronte Park Restoration will hold a meeting Monday, September 14, 2015, at 7 pm in the Williams Building in downtown Bronte.

The group met for their first park workday in July where they tackled the old bridge, trimmed trees, swept, picked up trash, pulled weeds, and attempted to remove graffiti. They also put up a beautiful rock bench and added rock barriers at the entrance. New swings were added to the current poles at the park with missing swings. Among the swings installed were two toddler swings and three regular swings.

The current projects include: -501c application completed and submitted. It will take approximately three months for the approval process and then the group will be able to apply for large foundation grants.

-Quotes were received on resurfacing the basketball and

tennis courts, a fence around the courts, and a disk golf course.

There has been some confusion regarding the park organization and the Restoring Bronte Foundation. RBF is a separate organization from the park. The goals of RBF are city/community wide projects, not just the park projects. Some of RBF goals include tearing down dilapidated houses, assisting community members with help cleaning up their lots or making repairs to their homes, and encouraging new development.

Head to Head! The Robert Lee Steers traveled to Bronte to take on the Longhorns last Friday night in an eleven man game. The Longhorns, still stinging from last year's 49-58 loss to the Steers in Robert Lee in a six-man game, delivered a decisive victory for the east side of Coke County. This year's final score was 41-13. Photo Courtesy of Maranda Hood.
